Asunto: RE: Urgent request

Hi Benjamin

Please find enclosed as requested; hope this will sort out the issue.

As back in seagoing service as opposed to the office back in Skudeneshavn, Norway, I can inform you that I was very pleased with this morning logistics, incl. meet & greet and the heli-service provided. So I am indeed pleased to be working with you and your team again.

Best regards,

Asbjørn Heradstveit
